BE WITH ME

I love the coldness and the ice
When you lie beside me, it's so nice
Your hair untied and your shoulders
resting
Storms outside, inside the best thing

The dark nights too when we hide together
Warmed right through, pain turned to
pleasure
No one can hurt us, no one can find us
The place where we can feel and trust

Be with me, like strings together
Violin sounds the best thing ever
Love's vibrations softly feather
Our talk of reason and sweet forever
repeat

Your courage serves to humble me
Your deep passion, loyalty
You're twice the hero I could be
I love you sweetheart, be with me

Be with me, the road is winding
A blinding light, our hope is guiding
We can't stop now, we've come so far
Be with me, be who you are

Be with me, like strings together
Violin sounds the best thing ever
Love's vibrations softly feather
Our talk of reason and sweet forever

Be with me, like strings together
Violin sounds the best thing ever
Love's vibrations softly feather
Our talk of reason and sweet forever
repeat

DANCE LIKE LOVERS (NIGHT)

My heart is ready to fall once more
The two of us can't sleep that's for sure
To spiral low and to spin so high
Lovebirds above the city sky
Day and night...

Come to my city follow the sign
Let's hit the streets, be my skyline
A new moon is out and the light is ours
Silver linings shine beautiful laser light

We dance like lovers under neon globe
covers
With crazy fast rain outside
Our painted bodies get closer and closer
Colliding gold stars inside

We dance like lovers under neon globe
covers
With crazy fast rain outside
Our painted bodies get closer and closer
Colliding gold stars inside

You are a mystery to undress
You made my heart one big love hot mess
And now the two of us dance sweetly
Lovebirds above the city sky
Day and night...

Come to my city follow the sign
Let's hit the streets, be my skyline
A new moon is out and the light is ours
Silver linings shine beautiful laser light

We dance like lovers under neon globe
covers
With crazy fast rain outside
Our painted bodies get closer and closer
Colliding gold stars inside

We dance like lovers under neon globe
covers
With crazy fast rain outside
Our painted bodies get closer and closer
Colliding gold stars inside

MY ALL

I am thinking of you
In my sleepless solitude tonight
If it's wrong to love you
Then my heart just won't let me be right
'Cause I've drowned in you
And I won't pull through
Without you by my side

I'd give my all to have
Just one more night with you
I'd risk my life to feel
Your body next to mine
'Cause I can't go on
Living in the memory of our song
I'd give my all for your love tonight

Baby, can you feel me?
Imagining I'm looking in your eyes
I can see you clearly
Vividly emblazoned in my mind
And yet you're so far
Like a distant star
I'm wishing on tonight

I'd give my all to have
Just one more night with you
I'd risk my life to feel
Your body next to mine
'Cause I can't go on
Living in the memory of our song
I'd give my all for your love tonight

I'd give my all to have
Just one more night with you
I'd risk my life to feel
Your body next to mine
'Cause I can't go on
Living in the memory of our song
I'd give my all for your love tonight

I'd give my all to have
Just one more night with you
I'd risk my life to feel
Your body next to mine
'Cause I can't go on
Living in the memory of our song
I'd give my all for your love tonight

LETTING YOU GO

Listen, honey, I saw you, holding her hand
So tell me, baby, maybe?
It was just, nothing more than a friendly
kiss

You're saying that I'm on my own
But I am still holding myself strong
So you can keep crashing me down
And I guess so,
There's nothing left to say
Someone leaving and someone has to stay
So look at me

I am leaving you
I am letting you go
And I fall to pieces
And maybe this time, baby
I won't come back,
Won't come back, won't come anymore

Listen, honey.
Why don't we just sit and talk
I must admit, it wasn't right
What can I do to make you try
I must admit, it feels so strange
To turn from biggest love to ex

You're saying that I'm on my own
But I keep holding myself strong
So you keep crashing me down
And I guess so, there's nothing left to say
Someone leaving and someone has to stay
So look at me.

I am leaving you
I am letting you go
And I fall to pieces
And maybe this time, baby
I won't come back,

Won't come back, won't come anymore

I am leaving you
I am letting you go
And I fall to pieces
And maybe this time, baby
I won't come back,
Won't come back, won't come anymore

CHERVONA RUTA

Червона Рута
(Ukrainian lyrics)

Ти признайся мені, звідки в тебе ті чари
Я без тебе всі дні у полоні печалі
Може десь у лісах ти чар - зилля шукала
Сонце Руту знайшла та і мене зчарувала

Червону руту не шукай вечорами
Ти у мене єдина, тільки ти повір
Бо твоя врода, то є чистая вода
То є бистрая вода синіх гір
Бачу я тебе в снах у дібровах зелених
По забутих стежках ти приходиш до мене
І не треба нести мені квітку надії
Бо давно уже ти увійшла в мої мрії

Червону руту не шукай вечорами
Ти у мене єдина, тільки ти повір
Бо твоя врода, то є чистая вода
То є бистрая вода синіх гір

Червону руту не шукай вечорами
Ти у мене єдина, тільки ти повір
Бо твоя врода, то є чистая вода
То є бистрая вода синіх гір
То є бистрая вода синіх гір
То є бистрая вода синіх гір

RED RUE

(TRANSLATION OF CHERVONA RUTA)

Just confess to me.
You're controlling my feelings.
Though my heart was in pain
With your charms it is healing.
In the forest you knew
Of the midsummer flower
That when kissed by the sun
Has a magical power.

Please don't go searching
For the red bloom this evening
For the love that I have for you
Is true and free.
Just as the rivers
Of the mountains are givers
Of clean water;
You've given life to me.

As you visit my dreams
In the green glades of summer
You are coming to me
As you would to a lover
And you don't need to give
Me a flower or a potion
I shall always be here
You have all my devotion.
Please don't go searching
For the red bloom this evening
For the love that I have for you
Is true and free.
Just as the rivers
Of the mountains are givers
Of clean water;
You've given life to me.

HAPPY DAY

It's a happy day
It's a happy day
It's a happy, happy, happy, happy, happy,
happy, happy, happy, happy day

Life is precious so I'm taking all my
friends
Forever family, the ones that never bend
Where the starlings gather and the
seagulls screech
Inspiration Beach

There's Uliya and Nick I've known since I
was five
& Vik and Andre I'm so glad to be alive
Rosti on the decks and wow can Anji jive
Inspiration Beach

It's a happy day
It's a happy day
It's a happy, happy, happy, happy, happy,
happy, happy, happy, happy day

So love those precious moments as we
kiss together
For life is brief and grief is forever
But the heart is the part that makes us
right or wrong
Join our happy song

It's a happy day
It's a happy day
It's a happy, happy, happy, happy, happy,
happy, happy, happy, happy day

So let us kiss again, again & again
Inspiration beach is always in our reach
And true friends I know I'll see you all
again

For love's sake, for loyalty, for friendship
never ends

Let us kiss goodbye as we kiss hello
At our favourite beach, when the tide is
low
And when the tide is high, a precious
memory
Thrilling me forever, you and me!

It's a happy day
It's a happy day
It's a happy, happy, happy, happy, happy,
happy, happy
It's a happy day!

US TWO

My God,
What a dream I had
The two of us, more passionate than ever
Making love like the first couple on earth

My God, we were beautiful
The two of us, so naked and wild
Making love like the first couple on earth

And we were beautiful
And we were beautiful
We were making love like the first couple
on earth
And we were beautiful
And we were beautiful

We were making love like the first couple
on earth

My God, what a dream I had
The two of us, so naked and wild
Making love like the first couple on earth

And we were beautiful
And we were beautiful
We were making love like the first couple
on earth
And we were beautiful
And we were beautiful
We were making love like the first couple
on earth

My God, what a dream I had
The two of us, so naked and wild
We were so beautiful
And both dead

IN YOUR DREAMS

I fall to the ground, inside your dreams
My happiness there, in your dreams
Across the sky
Above lands unseen, I fly to the stars, in
your dreams

In your dreams, in your dreams, ahh...
In your dreams, in your dreams...

Swoop low to the ground, your thoughts
untold
Time stands so still, your world unfolds
All over the land
Beyond blue sky, beyond cold clouds, in
your dreams

In your dreams, in your dreams, ahh...
In your dreams, in your dreams...

If you could read my thoughts you'd surely
know
I'm in your dreams holding on through
highs and lows
I'd touch your lips if I could let you know

Якби я міг написати тобі
листа
Якби я міг відчувати твої
вуста
Якби я міг доторкнутись тебе

I'm in your dreams

In your dreams, in your dreams, in your
dreams,
In your dreams, in your dreams, in your
dreams
In your dreams, ahh...
In your dreams, in your dreams, in your
dreams

SWEET DESIRE

I saw you there come out of the water
You stood there so still, just so
My heart as still, it finally found you
The one that never makes me feel alone

I'm feeling you have taken me over
And I'm travelling in timeless times
And we can talk without saying words
'Cause we surpass what we ever were

You are my sweet desire
Sweet desire
You are my deep desire
My heart flames with fire, lifting me
higher

You get me like no one does
You share your love with a simple touch
It warms me up, it calms me down
I'm never bored with you around

I'll run beside you day and night
I want to kiss you each good night
You fill my eyes with a soft fresh light
A sense of flying like a diamond kite

You are my sweet desire
Sweet desire
You are my deep desire
My heart flames with fire, lifting me
higher
You're my first and my backup plan
You're my first, last, past and backup plan
You're my first and my backup plan
You're my first, last, past and wooww
You're my first and my backup plan
You're my first, last, past and future plan
You're my first and my back up plan

You are my sweet desire
Sweet desire
You are my deep desire
My heart flames with fire, lifting me
higher

You are my sweet desire
Sweet desire
You are my deep desire
My heart flames with fire, lifting me
higher

LIES

I don't want to believe you
Take your hands away
I'm tired of all the lies
Take me away from your lies

I felt you burning the fields
Smoke choked I could not breathe
Carry on cooking your lies
Hoping we will still believe

You want us not to see your lies
You lie more so we don't see
You must hide more lies
We must not see your lies

I am a loss with you
Back to zero with you
I will sweep away the lies
All traces of all your lies

MOONLIGHT

Ніч яка місячна, зоряна,
ясная
Видно хоч голки збирай
Вийди, кохана, працюю
зморена
Хоч на хвилиночку в гай
2 times

Небо глибоке засіяне
зорями
Що ж то за Божа краса
Зорі он там миготять під
тополями
Так відбиває роса
repeat

Ти не лякайся, що босії
ніженьки
Вмочиш в холодну росу
Я ж тебе вірна, аж до
хатиньки
Так на руках віднесу
repeat

Ніч яка місячна, зоряна, ясна
Видно хоч голки збирай
Вийди, кохана, працюю
зморена
Хоч на хвилиночку в гай
repeat

What a moonlit, starry, clear night!
You can see, at least collect needles
Come out, beloved, tired of work,
At least for a minute in the grove.

The sky is deeply studded with stars
What a beauty of God
The stars are twinkling under the trees
there
This is how the dew reflects

Don't be afraid that your feet are bare
Dip in cold dew
I am faithful to you, all the way to the
house
I will carry it in my hands

YOU WILL REMEMBER ME

In summertime you'll try, to think it is
December
But then the tide will call from pictures on
the wall
You'll take the pictures down, but soon
you will remember
Just thinking of the sea, you will
remember me

You will remember me
You will remember me
Just thinking of the sea
You will remember me

You're working in the wards, your patient
drives a tanker
But lifting the syringe, you feel a sudden
twinge
Upon his freckled arm, you see tattooed
an anchor
At once beneath your hand, lie fishnets,
foam on sand

You will remember me
You will remember me
Just thinking of the sea
You will remember me

You come back home from work, switch on
the television
There's Cyprus on the screen, a place
you've never been
Amid Aegean waves, a flash of recognition
The sea is the Black Sea, and in it you see
me

You will remember me
You will remember me
Just thinking of the sea

You will remember me

You will remember me
You will remember me
Just thinking of the sea
You will remember me

Thank you to all the wonderful musicians who played on this album with us, especially The Zhayvir Bandura Trio, Polina Loubnina, Andrea Barker, Ray Shell, Nick Pynn, Viktorija Faith, David Cash, Jonathan Torok and Nick Vivych.

THIS ALBUM IS CALLED LOVE GROHOTSKY FOR A REASON

Every gig Grohotsky does receives so much love from his devoted audience. Whether it's a club or modern gig, he inspires like the pop star he is, and he's equally at home in international opera houses with orchestras. He won the Voice, by singing both opera and pop and in my view, looking like Elvis sort of helps!

BE WITH ME

This album kicks off with the English version of his huge Ukrainian hit. A story of love and loyalty where new dictator Killjoy has taken over Joyland and forced the beautiful rebel outlaw band into the forests chased by cruel enemies. Be with the rebels!

DANCE LIKE LOVERS (NIGHT)

The Rosti Raienko written club classic follows. The storm has hit the city but under the neon covers and colours, the lovebirds in the city get closer and closer. Impossible not to dance to, impossible not to dance like lovers. The most beautiful Night ever.

MY ALL

So is it possible for anyone to cover Mariah? It would be like covering Back To Black. And for a man to give his all without sounding weak or freak! Grohotsky goes from ant to giant in this cinematic ultra-passionate masterpiece!

LEAVING YOU

"Listen, honey, I saw you holding her hand" and so follows a modern pop duet with Lithuanian pop angel Viktorija Faith. Modern but great melody recalling classic pop duets Elton & Kiki Dee, Dolly and Kenny, Ed Sheeran and Beyonce. Sad love always sounds good with voices that good! Here's one more such song and two great voices.

CHERVONA RUTA

The unofficial national anthem sung by the official winner of The Voice. Usually sung by thousands at Grohotsky's gigs across Europe. Enhanced by multi-instrumentalist Nick Pynn.

HAPPY DAY

Despite everything, you've got to be happy! And it's impossible not to at this gig! So come on down to where the starlings gather & the seagulls screech on Brighton aka Inspiration Beach. Under Brighton Palace Pier. Heh you could meet Grohotsky and all the gang there. See you this summer!

US TWO

My God, what a dream I had. The two of us making love like the first couple on earth, and we were beautiful. Based on Nina Cassian's poem of survival against genocide, a gorgeous moving melody with sumptuous solo from Julian "Insides" Tardo. Swoon and get your mobiles ready to light up the arena!

IN YOUR DREAMS

"My happiness there, in your dreams. " Grohotsky makes you believe it's your dreams. His voice soars like no other on these beautiful lyrics by rapper/writer Eminemmylou. Grohotsky gives passionate commitment to finding that special someone.

SWEET DESIRE

Thousands love him. But he wants you. "I saw you there come out of the water." Timeless times, age old rhymes... dreaming you get me like no one does with just the one look. Sweet desire!

LIES

Heavy political metal & mixed by Maverick! Grohotsky knows... we're not nihilist Nietzscheans! You're offering me something! Lies! Terrible Lies!!! But we won't go back to zero without a fight. We hear you!

MOONLIGHT

Zhivago-like cinematic soundscape and with the wonderful Zhayvir Bandura Trio, Grohotsky could be at Kyiv Opera House with this beautiful classic song.

YOU WILL REMEMBER ME

"The sea is the Black Sea and in it you see me." wrote poet, Yevgeny Yevtushenko. It was a pleasure of a lifetime to meet this Ukrainian artist and to create a song for another Ukrainian artist Grohotsky. Lovely flute from Polina Loubnina.
